

## **PE SPORTS FUNDING**

The main priority in using the fund is to create a self-sustaining programme where we are providing staff with increased knowledge of PE and its delivery.

Through the Sports Partnership and regular INSET trainings both with PE specialists in school and external courses, we are in the process of improving PE provision for all primary pupils by;

- Swimming sessions at Westcroft Leisure Centre
- Dedicated trampoline sessions
- Outdoor & Adventure activities including Kayaking at Wimbledon Park
- Partnering the Sutton Schools Sports Partnership in creating links with other local schools – allowing the pupils increased to participate in a range of activities.
- We are creating links with other agencies such as Chelsea FC to provide expert coaching sessions.

We are now aiming to achieve the Bronze Award for PE provision.
